"the boys are all here, and  
A year of this waiting's  
                                  too long"

This year, we plan to start early: At noon on Thursday,  
January 5, 1989.

I am trying to line up a duck hunt, so bring a shotgun if you  
want to go. Also, possibly, a bird (quail) hunt if I can find  
any.

There has been some discussion about camping out on Thursday  
night...I look forward to much more discussion, but hopefully it  
won't go any farther than that. Bring sleeping bags etc. if you  
would like to be able to say that you would have, but nobody else  
would.
